

BRANDCRAFT®

Building BRANDCRAFT™

Step into a world of creativity and craftsmanship with BRANDCRAFT's wooden models. Designed to unleash the inner child in any audience, the models are expertly cut from A4 sheets of Basswood, a lightweight and strong wood perfect for crafting.

The models are carefully designed with interlocking pieces that easily slot together to create an engaging and interactive promotional product that will leave a memorable impression of your brand.

Presented in a brandable cardboard sleeve with assembly instructions, this is a unique, plastic-free promotional product or gift for adults and children alike.

How it WORKS

BRANDCRAFT stands out for its commitment to creative branding. The range has been designed as a unique way to promote brand engagement and offers a number of branding solutions for maximum impact, from subtle laser engraving to full colour, digital printing that really stands out.

The preset templates make it easy to fully customise the model with your brand's colours, creating a unique and personalised product. Add your vibrant, full colour logo to our natural Basswood model with Direct Digital Print, or opt for a one-colour screen print or laser engraved logo.

All BRANDCRAFT models are presented in a kraft cardboard sleeve, printed with the BRANDCRAFT logo and detailed assembly instructions. The sleeve offers additional branding opportunities with two large branding areas for you to add your brand to.

Whichever way you decide to customise a BRANDCRAFT model, you will be connecting people with your brand in a creative and unique way.
