A Step In The Right Direction

On-Trend & Relatable

We're proud of our 35-year history of producing high quality uniforms. Our superb ranges are designed with local markets and customers in mind. We begin by researching the latest global fashion trends and pairing them with our customers' needs to create timeless pieces that are comfortable, durable and trans-seasonal.

Environment Change For The Better

Fashion Biz aims to change the culture of garment manufacturing and design more sustainable packaging, increase recycling rates and minimise packaging consumption to reduce our domestic environmental impact. We continue to review all of our plastic packaging procedures to reduce, reuse or recycle wherever we possibly can. You can find out more about our Environmental journey, Corporate Responsibilities & Accreditations by visiting our company website: www.fashionbiz.com.au

More Choices For Everybody

We're the first to recognise that one size does not fit all, that's why we offer a vast range of styles and fabrics to suit all body shapes, industries and functional needs. Great care has been taken to create products that can be mixed and matched, allowing each wearer to bring their individuality to work yet still being part of a team.

Delivering On Our Promise Of Care

With a team of local staff in most states at the ready to take your calls, customer service is a natural extension of everything we do. In most states we have a library of fit ranges available to help you conduct fittings and borrow samples easily and efficiently. Because Biz Corporates holds stock in multiple warehouses across Australia and New Zealand, we ensure your orders are processed, picked and dispatched quickly and efficiently.

Our Corporate Responsibility

We're proud of our parent company Fashion Biz's commitment to sourcing products and services in an ethically responsible manner. We consider the welfare of workers, health and safety and potential environmental impacts.

Our Ethical Sourcing Policy is primarily based on conducting business ethically, manufacturing responsibly and

demonstrating environmental consciousness. We choose our partners carefully, with factories across India, China and Bangladesh that must adhere to international manufacturing standards, these may include:

Womens Size Guide

HOW TO MEASURE

Biz Corporates apparel sizes are designed to fit average industry standards for the below body measurements. Please use this handy Body Measurement Guide to compare your own measurements and help you determine which size to order. Use these measurements as a guide when selecting the right size garment, but also consider the garment fit. Refer to page 115 for garment fit classifications.

A. BUST

Measure under your arms and across shoulder blades, around the fullest part of your bust. Hold one finger between body and tape.

B. WAIST

Measure around your natural waistline while holding one finger between body and tape. This is the smallest part of your waist.

C. HIP

Measure around fullest part of your hips (about 20 – 24cm down from waist) while standing naturally.

PANT AND SKIRT LENGTHS

Pants and skirts will vary in length depending on the height of each individual and also their shape. All pants come with a hem allowance allowing for easy alterations.

Mens Size Guide

HOW TO MEASURE

Biz Corporates apparel sizes are designed to fit average industry standards for the below body measurements. Please use this handy Body Measurement Guide to compare your own measurements and help you determine which size to order. Use these measurements as a guide when selecting the right size garment, but also consider the garment fit. Refer to page 117 for garment fit classifications.

A. NECK

Measure around the middle of your neck at collar level, keeping the tape loose to make allowance for comfort.

B. CHEST

Measure under your arms and across shoulder blades, around the fullest part of your chest. Hold one finger between body and tape.

C. WAIST

Measure around your natural waistline while holding one finger between body and tape. Measure over shirt at the position your pants would normally sit.

D. IN SEAM

Measure from the crotch seam to the bottom of the inside leg of a well-fitting pair of pants.
