HOW TO BUILD YOUR TEAMS NEW LOOK

First impressions count, especially when your business is service based. A good-looking uniform not only elevates your brand amongst your competitors but also fosters increased morale and productivity among your staff.

Our catalogue is designed to make building your team's new uniform easy in 4 simple steps.

BEFORE

AFTER

A STEP IN THE RIGHT DIRECTION

We're committed to designing and manufacturing ethical and sustainable healthcare attire. At the core of our business is a long-standing commitment to ethical trading. We believe that businesses can be both profitable and responsible.

At Biz Care, we like to think of ourselves as masters of the tiniest details. From sourcing fabrics, to ensuring all our health wear designs are rigorously tested in dedicated laboratories and trialled on real workers to make sure we get the fit and functionality just right.

Biz Care garments have been designed to easily coordinate with the Biz Collection range to ensure everything works perfectly together providing a complete uniform solution.

INNOVATIVE QUALITY IS AT THE HEART OF ALL WE DO

Our experienced team of designers, researchers and technicians are dedicated to sourcing innovative fabrics and processes. Before we release any new product, we perform rigorous testing and evaluation, both in-house and in the workplace. Our garments are fitted on real people, not mannequins, and we conduct wear trials with customers in the field to guarantee they're fit for purpose, comfort and durability.

MORE CHOICES FOR EVERY BODY

We're the first to recognise that one size doesn't fit all, that's why we offer a vast range of styles, sizes and fabrics to suit all body shapes, industries and functional needs. We've created products that can be mixed and matched, catering for different work streams, job roles and also allowing each wearer to feel comfortable in their workwear.

DELIVERING ON OUR PROMISE OF CARE

With a team of local staff in most states and at the ready to take your call, customer service is a natural extension of everything we do. Our library of fit ranges in some states is available to help you effortlessly conduct fittings and borrow samples easily and efficiently.

Because we hold stock in multiple warehouses across Australia and New Zealand, we can ensure your orders are processed, picked and dispatched quickly and efficiently.

WE BELIEVE IN CORPORATE SOCIAL RESPONSIBILITY

We're proud of our parent company Fashion Biz's commitment to sourcing products and services in an ethically responsible manner. We consider the welfare of workers, health and safety and potential environmental impacts.

Our Ethical Sourcing Policy is primarily based on conducting business ethically, manufacturing responsibly and demonstrating environmental consciousness. We choose our partners carefully, with factories across India, China and Bangladesh which must adhere to international manufacturing standards, these may include:

Our garments can be seen across multiple industries in many functions and applications. Having a "stock service" option allows for quick fulfilment of orders, and every garment in this catalogue is housed with good stock depth across all our main warehouses.

In the event you require a bespoke or custom made option, our dedicated 'Special Make' production team can facilitate your specific requirements. Whether for schools, sports, government or corporate, our team can present unique and one-of-a-kind options for all scenarios.

**Please contact your Fashion Biz Representative
